

Durakote

Durakote

Applications	Couch rolls in cylinder machines, Save-All Couch rolls, Thickener Couch rolls
Hardness Available	205 P&J (180 - 230 P&J)
Color	National blue
Physical Properties	Excellent abrasion resistance Extends time between regrinds over competitive covers Excellent hardness stability Non-hydrophilic
Features and Advantages	Durakote has tremendous abrasion resistance. This resistance to wear increases the time between regrinds. National Roll Kote's Durakote polyurethane cover will outperform conventional rubber couch rolls.

Durakote's remarkable wear resistance makes it an excellent choice. It will outperform other couch roll coverings.
